

Data Dictionary

1. Orders

Column Name	Data Type	Example	Description
order_id	INT	100001	Unique order identifier
customer_id	INT	50231	Customer ID
store_id	INT	15	Dark store ID
rider_id	INT	102	Assigned rider
order_time	DATETIME	2026-07-01 18:32:15	Order placement time
dispatch_time	DATETIME	2026-07-01 18:38:20	Dispatch time
delivery_time	DATETIME	2026-07-01 18:49:05	Delivery completion time
order_status	VARCHAR	Delivered	Order status
payment_mode	VARCHAR	UPI	Payment method
total_amount	DECIMAL	684.50	Total order value
sla_target_minutes	INT	15	Promised delivery SLA
actual_delivery_minutes	INT	17	Actual delivery time

2. Order_Items

Column Name	Data Type	Example	Description
order_item_id	INT	500001	Unique order item identifier
order_id	INT	100001	References Orders table
sku_id	INT	203	Product identifier
quantity	INT	2	Quantity ordered
unit_price	DECIMAL	85.00	Price per unit (₹)
discount	DECIMAL	10.00	Discount applied (₹)
final_price	DECIMAL	160.00	Final amount after discount

3. Products

Column Name	Data Type	Example	Description
sku_id	INT	203	Unique product ID
product_name	VARCHAR	Amul Taaza Milk 1L	Product name
category	VARCHAR	Dairy	Product category
brand	VARCHAR	Amul	Brand name
mrp	DECIMAL	68.00	Maximum Retail Price (₹)
selling_price	DECIMAL	66.00	Selling price (₹)
weight	VARCHAR	1L	Product size/weight
shelf_life_days	INT	7	Shelf life in days
reorder_level	INT	20	Minimum stock threshold
is_active	BOOLEAN	TRUE	Product availability

4. Inventory

Column Name	Data Type	Example	Description
inventory_id	INT	30001	Unique inventory record
store_id	INT	12	Dark store identifier
sku_id	INT	203	Product identifier
system_stock	INT	150	Stock recorded in system
physical_stock	INT	145	Physically available stock
damaged_stock	INT	3	Damaged or expired units
reserved_stock	INT	18	Stock reserved for pending orders
reorder_level	INT	20	Minimum stock threshold
last_restock_date	DATE	2026-07-28	Last replenishment date
inventory_check_date	DATE	2026-07-29	Inventory audit date

5. Stores

Column Name	Data Type	Example	Description
store_id	INT	12	Unique store ID
store_name	VARCHAR	Blinkit Sector 56	Store name
city	VARCHAR	Gurugram	City
locality	VARCHAR	Sector 56	Locality
manager_name	VARCHAR	Rahul Sharma	Store manager
opening_date	DATE	2024-03-15	Store opening date
operating_hours	VARCHAR	6 AM – 12 AM	Daily operating hours
store_capacity	INT	5000	Inventory capacity
latitude	DECIMAL	28.4595	Latitude
longitude	DECIMAL	77.0266	Longitude

6. Riders

Column Name	Data Type	Example	Description
rider_id	INT	115	Unique rider ID
rider_name	VARCHAR	Aman Kumar	Rider name
store_id	INT	12	Assigned store
shift	VARCHAR	Evening	Working shift
experience_months	INT	18	Experience in months
vehicle_type	VARCHAR	Bike	Vehicle type
employment_type	VARCHAR	Full-Time	Employment type
status	VARCHAR	Active	Rider status
